

MESSAGE FROM THE VC TO CELEBRATE RAMADAN

Assalamu Alaikum. Ramadan Kareem. This Ramadan is completely different from previous Ramadans for our Muslim brothers and sisters. For the AUST family I fervently hope and pray so that we can reflect and ask for forgiveness by means of Istigfaar and Duaa. Never before we witnessed such an isolated and desperate condition fearful of our impending unknown future. Let us obey all the hygienic principles which are substantiated by Hadith and specially in this month of Ramadan we should not waste the extra time that have been enforced on us. We can utilize this time wisely and turn this to be a gift of Rahmat. For becoming successful we should recall from the Quran that this tragedy is due to our own earnings and we must take the opportunity to make Istigfar specially before Suhur, last third of the night and before Futur in the evening. We must repent and promise to shun all unethical, un-Islamic behavior, lies, dishonest dealings, bad and unacceptable life patterns. We pray so that we can return to our productive worldly life as well in the near future without much hardships of the masses of the whole world, Bangladesh and specially the AUST family, wherever we may be. Ameen

Prof Dr Md. Fazli Ilahi

Vice Chancellor, AUST
